## TOP BEAUTY TIP

It wouldn't be punk without a slick of black eyeliner, but you don't need to go goth - just a smudge of smokiness over your top lid will work. Use a cotton bud to diffuse any harsh lines during the day or for a more intense look, add some under your waterline, too. Claire Casagrande in intense black, AFP, glides on and blends in like a dream.

### The Yes You Can Tricks

- 1 Forget safety pins and Mohawks - this look isn't as extreme as that! Think tartan, leather jumpers and shoulder bags. It's a brand new take on the trend.
- 2 Leather can be a bit expensive, so keep an eye out for leather-look fabrics. They're a fraction of the cost and can be popped in the washing machine.
- 3 Always dress for your shape. Save away from tartan trousers if you're pear-shaped and go for an A-line skirt instead.
