

David Wadlow - Bio

Born and raised in my beloved West London, I started cutting hair at a young age to earn extra pocket money, discovering a new found skill and passion. At the age of 16, I left school to complete a salon hairdressing apprenticeship where I honed my technique and style and discovered session work. I spent the next five years assisting leading hair stylists Guido Palau and Didier Malige and was first assistant to Anthony Turner.

Photographers I've worked with
