Tag it with dried flowers

Wanting to inject a bit of nature into their urban lives, Parfums have taken for the moment a turn to dried flowers. Pioneering the trend are sisters Marion and Pauline Bulthuis, who were working on reappreciating the charm of the Chanel No. 5 brand and looking for ways they decided to shop everything and open a boutique entirely devoted to nature – Parfums collections of pressed flowers, exotic leaves and grasses, such as the one pictured here (from line £75). It also hosts regular workshops where you can craft your own floral masterpiece (£25).
