Tag it with dried flowers

Wanting to inject a bit of nature into their urban lives, Parfums have taken for the season a theme of dried flowers. Inspiring the brand are vintage florists and Pauline Bulthuis, who were working on opposite sides of the Channel in Britain and talking when they decided to stop everything and open a boutique entirely devoted to scents – Parfums collections of pressed flowers, exotic leaves and grasses, such as the one pictured here (from line £75). It also hosts regular workshops where you can craft your own floral masterpiece (£25).
