haly Clinic Mesotherapy Treatment

They say: Dubbed the “skin booster”, mesotherapy is one of the most sought-after natural and nonsurgical treatments, which immediately delivers hydration and aids anti-aging. See a dramatic reduction in the appearance of fine lines and wrinkles.

She says: The superfacialist Vaishaly is so well known for her iconic treatments that she is one of the few practitioners referred to by first name alone. Her mesotherapy treatment is unlike any other, thanks to her signature “nappage” technique. Whatever your skincare concerns, Vaishaly will concoct a bespoke mixture of serums she chose a potent hyaluronic acid for my dehydrated skin — and then tiny needles are gently rolled over the contours of your face to help the serum penetrate deeper. It was soothing, not uncomfortable, and the results were instant. I looked refreshed, glowing, my perma-furrowed brow was smoothed and, even better, the results lasted for weeks. I’m addicted. **Vanessa Jolly**
