

Mews House kensington

A unique, warm, light and bright mews house hidden on a quiet cobbled mews street in Kensington. The mews house has a large open plan reception room laid out over the entire ground floor with generous ceiling heights. The mews house has attractive features on the front elevation including, a mature rose climber, a large original garage double door which can open fully c2.5m wide and is the front door to the property. The mews house also contains a bright c6m ceiling height library area filled with a colourful great collection of books, the library also has fabulous internal lights which would make a great backdrop for an evening shoot. The house generally contains a wealth of modern art, photography and antique mirrors acquired by the owner over many years. The house also contains a light filled south facing roof terrace, and 6 further rooms not described above which cover bedrooms, bathrooms, a snug and light filled dressing
